Projects

Green Elephant / Donation Application

UX/UI Case Study / Group Project

Overview: Green Elephant is a New York City-based app to locally exchange used goods. New Yorkers want to reduce waste and save money but the process can be time consuming and cumbersome.

Green Elephant makes the process of donating and receiving unwanted items easy and convenient.

Role: UX/UI Designer

NYC Health and Hospitals / Government Website Redesign

UX/UI Case Study / Partially Group Project

Overview: NYC Health + Hospitals is an integrated health care system of hospitals, neighborhood health centers, long-term care facilities, nursing homes, and home care – the public safety net health care system of New York City. Its' mission is to deliver high quality health services with compassion, dignity, and respect to all, regardless of income, gender identity, or immigration status. This project covers an easy and quick booking process as well as a minor style guide to contemplate NYC Health and Hospitals' mission.

Role: UX/UI Designer

Habitat for Humanity / Nonprofit Website Redesign

UX/UI Case Study / Group Project

Overview: Habitat for Humanity is a global nonprofit housing organization working in local communities across all 50 states in the U.S. and in approximately 70 countries. Habitat's vision is of a world where everyone has a decent place to live. This project covers a practical, easy and quick booking process for volunteers as well as a minor style guide to contemplate the Habitat for Humanity's mission.
